

CONTENTS OF Vol. 44, 2000

Atoms In Japan

No.1 (JAN.) ~ No.12 (DEC.)

This is the index to the 1999 issues of Atoms In Japan.
Subject heading followed by a month and page citation.

SCOPE

- Nuclear Energy in the New Millennium (Jan. P. 2)
- Working Toward the 2000 NPT Review Conference: Confusion or Constructiveness? (Feb. P. 2)
- Even If There Were Plenty of Petroleum (Mar. P. 2)
- Making Technological Dreams the Dreams of People Once Again (Apr. P. 2)
- JAIF Chairman's Address for the 33rd JAIF Annual Conference (May P. 2)
- The Numbers Make It Simple — Who Is Responsible for Energy Supply? (Jun. P. 2)
- Japan's General Election Ignores Nuclear Issues: Something to Be Glad About? (Jul. P. 2)
- The World After May 2000 — The Elimination of Nuclear Weapons and the Peaceful Utilization of Atomic Energy (Aug. P. 2)
- "One Year Since the JCO Accident" — What the June Elections Tell Us (Sep. P. 2)
- A Direction for Nuclear Power Plant Innovation: Moving in Line with the Needs of the Age (Oct. P. 2)
- "Nuclear Power Development Back on Course in Japan" (Nov. P. 2)
- Where Does Nuclear Energy Stand in Post-industrial Society? (Dec. P. 2)

SWING

- NPP can be sustained under Liberalization — JAIF Survey shows (May P. 11)

INTERVIEW

- Interview with NSC Chairman Sato (Mar. P. 11)
- Interview with Chairman Makino of NS-Net (May P. 10)
- Interview with New Chairman of the Nuclear Safety Commission (Jun. P. 10)
- Interview with President Murakami of JAERI (Jul. P. 8)
- Interview with Saichi Nakazawa, New Head of STA's Atomic Energy Bureau (Sep. P. 8)

ENERGY&NUCLEAR POLICY

- Second Supplementary Budget Requests for Nuclear Disaster Measures Exceed ¥ 120 Billion (Jan. P. 8)
- Bills Revise Reactor Law and Enact Special Disaster Law (Jan. P. 9)
- STA Minister Demands Perfect Safety in Nuclear Development (Jan. P. 13)
- AEC Advisory Committee Proposes Basic Policy for TRU Waste Disposal (Jan. P. 14)
- MITI's Subcommittee Proposes Rules of Electricity Liberalization (Jan. P. 16)
- New Energy Subcommittee Begins (Feb. P. 13)
- NSC to Move from STA to Cabinet Office in April (Feb. P. 13)
- Second Subcommittee Discusses Use of Nuclear Power (Feb. P. 14)
- Roundtable Conference on Nuclear Policy Urgest Greater Involvement by Diet (Mar. P. 9)
- Final Session of Roundtable Conference on Nuclear Policy (Mar. P. 10)

- Democratic Party of Japan Regards Nuclear Energy as Merely Transitional (Mar. P. 15)
- MITI's Subcommittee Discusses Potential Quantity and Cost of New Energies (Mar. P. 16)
- AEC's Subcommittee Argues for Locating ITER in Japan (Mar. P. 17)
- MITI Minister Fukaya Directs Review of Energy Policy (Apr. P. 5)
- Japan's Electricity Market Enters New Era of Deregulation (Apr. P. 11)
- Roundtable Conference Submits Proposal to AEC (Apr. P. 14)
- Third Subcommittee Discusses Future of Monju (Apr. P. 15)
- NSC's Secretariat Placed Under Prime Minister's Office (May P. 21)
- Energy Policy to Meet Four Requirements (Jun. P. 5)
- JPC-SED: New Vision Needed for Energy Security (Jun. P. 14)
- LDP Subcommittee Makes Suggestions on Energy Policy (Jul. P. 7)
- Coordination Subcommittee Hears from Learned Experts (Jul. P. 8)
- Council Drafts Key Points for Long-term Nuclear Program (Aug. P. 8)
- ITER Committee Resumes Work (Sep. P. 11)
- JAIF Submits Proposal to AEC (Sep. P. 12)
- Draft Report Prepared on Long-term Nuclear Program (Oct. P. 6)
- Nuclear Subcommittee Decides Basic Policy for HLW Disposal Law (Oct. P. 11)
- Long-term Program Council Listens to People (Nov. P. 10)
- Working Group Starts to Make Energy Supply and Demand Scenario (Nov. P. 11)

BUDGET & LAW

- Draft Nuclear Budgets for FY2000 Announced (Feb. P. 6)
- National Government Holds First Drill before Nuclear Disaster Preparedness Law (May P. 4)
- HLW-Disposal Bill Passes Lower House (Jun. P. 8)
- Bill on Nuclear Siting Released (Jun. P. 16)
- Upper House Passes HLW Disposal Bill (Jul. P. 10)
- Special Law of Emergency Preparedness for Nuclear Disaster Takes Effect (Jul. P. 11)
- Expenditures for Nuclear Research in FY98 Reached ¥456 Billion (Jul. P. 11)
- JNC Puts Together Budget Requests for Fiscal 2001 (Sep. P. 12)
- FY2001 Budget Requests for New Ministries (Oct. P. 7)
- 492.8 Billion in Nuclear Budgets for Fiscal 2001 (Nov. P. 13)
- Ruling Party Executives Agree with Regional Development Law (Dec. P. 12)

SURVEY & STATISTICS

- Nuclear Power Cost is the Lowest (Jan. P. 10)
- JEPSC Estimates Electricity Demand in FY2009 at 1,120TWh (Apr. P. 16)

- Electric Power Supply Plans for FY2000 Show Reductions in New Facility Investment (May P. 6)

NUCELAR NON-PROLIFERATION

NUCLEAR POWER GENERATION

Planning & Siting

- JAPC Makes Case for Additional Reactor Construction to Tsuruga City (Mar. P. 14)
- NSC Gives Green Light to TEPCO's Use of MOX Fuel at Kashiwazaki Kariwa (Mar. P. 14)
- JAPC Petitions Fukui Prefecture and Tsuruga City to Build New NPS (Apr. P. 4)
- Chubu Electric Power Co. to Review its Plan for Ashihama NPS (Apr. P. 9)
- Tohoku Electric Will Not Join Citizens' Demand for Audit of Maki Land Sale (Apr. P. 13)
- Chugoku Electric Concludes Fisheries Compensation for Kaminoseki NPS (Jun. P. 7)
- Shimane Governor Agrees to Construction of Shimane-3 NPS (Aug. P. 4)
- Hokkaido Governor Indicates Support for Construction of Tomari-3 NPS (Aug. P. 4)
- Gov. Approves Shimane-3 Construction Plan (Sep. P. 4)
- Tohoku's Higashidori-I Clears Base-Rock Test (Sep. P. 6)
- Prime Minister's Award Goes to Shika Mayor (Sep. P. 9)
- Hokkaido Agrees to Construction Plan for Tomari-3 NPS (Oct. P. 4)
- Kyushu Electric Applies for EIA for Sendai-3 NPS (Oct. P. 5)
- Chugoku Electric Submits Application for Shimane-3 (Nov. P. 6)
- Gov. Approves Tomari-3 Construction Plan (Nov. P. 7)
- Hokkaido Electric Applies for Tomari-3 Construction (Dec. P. 6)
- Yamaguchi Prefecture Held a Hearing on NPS Construction (Dec. P. 8)

Operation, Maintenance and Repair

- Kansai Electric to Run Mihama-I for Ten More Years (Jan. P. 11)
- MHI Creates New NPS Maintenance Training Center (Feb. P. 12)
- JAPC's Tsuruga-2 Resumes Operation After Seven Months' Stoppage (Mar. P. 13)
- Chiyoda Technol Completes Measuring Service Center (Oct. P. 12)

Accidents and Troubles

- Prefecture Puts JCO Accident Cost at ¥15.3 Billion as of Oct. 31 (Jan. P. 12)
- Public Exposure in JCO Accident Only Half of What Was Thought (Jan. P. 13)
- Final Report on JCO Criticality Accident Issued (Feb. P. 4)
- STA's JCO Accident Study Group Reveals Standards for Nuclear Damage Compensation (Feb. P. 10)
- Law Prescribes ¥12 billion in Compensation for JCO Criticality Accident (Feb. P. 13)

- JCO Accident: Results of Dose Evaluations on 439 People (Mar. P. 4)
- JCO Accident: Interim Report on Health Management (Mar. P. 4)
- STA to Revoke JCO's License (Mar. P. 5)
- Cooperative Safety Agreement Signed by 21 Parties in Tokai-mura and Vicinity (Mar. P. 6)
- STA Demands Improved Nuclear Safety (Mar. P. 6)
- Shizuoka Prefecture Conducts NPP Disaster Drill (Mar. P. 8)
- Kansai Electric Sets Up Committee to Investigate BNFL's Improper Data Substitution (Mar. P. 14)
- JCO Compensation Payments Expected to Reach ¥13 Billion (Apr. P. 6)
- Kansai Electric Releases Report on Falsified MOX Data (Apr. P. 13)
- JCO's Business License Revoked (May P. 23)
- JCO Criticality Accident Rated Level 4 (Jun. P. 9)
- Nuclear Damage Study Report Finalized for JCO Accident (Jul. P. 5)
- Kansai Electric Submits Final Report on MOX Data Falsification (Aug. P. 7)
- U.K. to Take Back MOX Fuel Headed for Japan (Aug. P. 7)
- JAERI Recreates Criticality Moment (Aug. P. 13)
- STA Finds Monazite Ore in Three Locations (Aug. P. 16)
- Peer Review Suggests Education for Employees to Learn Lessons from Accident (Sep. P. 13)
- Readiness Exercise Carried Out at Tokai-mura (Nov. P. 8)
- Accident Exercise Takes Place at Shimane NPS (Nov. P. 9)

Decommissioning

SAFETY & RADIATION PROTECTION

- Nuclear Safety Network (NS Net) Established (Jan. P. 10)
- Public Exposure in JCO Accident Only Half of What Was Thought (Jan. P. 13)
- STA Minister Demands Perfect Safety in Nuclear Development (Jan. P. 13)
- New Year Ushered In With No Serious Y2K Problems (Feb. P. 14)
- JCO Accident: Results of Dose Evaluations on 439 People (Mar. P. 4)
- JCO Accident: Interim Report on Health Management (Mar. P. 4)
- STA Demands Improved Nuclear Safety (Mar. P. 6)
- Emergency Action Dose Criteria Set at 500 μ Sv/hour (Mar. P. 7)
- Shizuoka Prefecture Conducts NPP Disaster Drill (Mar. P. 8)
- NUPEC Creates Disaster Prevention Center (Apr. P. 7)
- NSC Makes Regulatory Investigation of Nuclear Facilities (Apr. P. 8)
- National Government Holds First Drill before Nuclear Disaster Preparedness Law (May P. 4)
- NSC's Secretariat Placed Under Prime Minister's Office (May P. 21)

- **NS-Net Draws Up Business Plan for Fiscal 2000 (May P. 22)**
- **NSC Creates Nuclear Safety Comment Box (Jun. P. 15)**
- **Enhancing and Revising Nuclear Disaster Measures (Jun. P. 16)**
- **Special Law of Emergency Preparedness for Nuclear Disaster Takes Effect (Jul. P. 11)**
- **STA Designates First Nuclear Disaster Specialists and Inspectors (Jul. P. 11)**
- **NS-Net Safety Caravan Hits the Road (Aug. P. 11)**
- **First Two NS-Net Peer Reviews Turn Up No Safety Problems (Aug. P. 11)**
- **Nuclear Safety White Paper Releases for FY99 (Aug. P. 15)**
- **NSC Holds First Meeting in Nuclear Siting Area (Oct. P. 8)**
- **MITI Begins Safety Inspections of NPPs (Oct. P. 10)**
- **Chiyoda Technol Completes Measuring Service Center (Oct. P. 12)**
- **Readiness Exercise Carried Out at Tokai-mura (Nov. P. 8)**
- **Accident Exercise Takes Place at Shimane NPS (Nov. P. 9)**
- **Strong Earthquake Leaves Shimane NPS Unscathed (Nov. P. 12)**

ENVIRONMENT

- **Environment Agency Releases Trial Calculations for Environment Tax (Jun. P. 6)**

PUBLIC ACCEPTANCE

- **WIN-Japan Inaugurated (Jun. P. 15)**
- **MITI's Survey of Northern Japan: More Than Half Think Fuel Cycle Necessary (Sep. P. 7)**

ADVANCED & RESEARCH REACTORS

FBR

- **Fukui District Court Rules in Favor of Monju (Apr. P. 10)**
- **Third Subcommittee Discusses Future of Monju (Apr. P. 15)**
- **JNC to Alter Joyo (Aug. P. 13)**
- **Japan-Russia FBR Expert Meeting Held in July in Moscow (Sep. P. 14)**

ATR

- **ATR Fugen Hits 20 TWh Mark in Total Generation (Jun. P. 7)**

HTGR

- **JAIF's Committee Proposes that HTGR Be Introduced in 2010s (May P. 20)**
- **JAERI to Start Power-up Test at HTTR (Aug. P. 13)**

Research Reactor

- JAIF Proposes Setting Up Research Reactor Organization (Apr. P. 12)

NUCLEAR FUEL CYCLE

Fabrication

- Hitachi, Toshiba and GE Jointly Establish Nuclear Fuel Company (Feb. P. 11)
- Reception Marks Launch of JNF (Mar. P. 17)
- MOX Fuel Fabrication to Be Commercialized (Dec. P. 4)

Uranium Enrichment

- JNC Concludes Agreement with Nippon Composite Materials (Jan. P. 15)
- JNFL Begins Development of New Centrifugal Separator (Nov. P. 12)
- JNC and JNFL Sign Technical Cooperation Agreement (Dec. P. 11)

Reprocessing

- JNFL Starts Reprocessing Business (Jan. P. 15)
- JNC Asks Local Communities for Permission to Resume Reprocessing (May P. 7)
- Construction of Reprocessing Plant Progressing Apace (Jul. P. 4)
- JNC's Tokai Reprocessing Plant Starts Test Operations (Aug. P. 6)
- Periodic Inspection Completed at JNC's Tokai Reprocessing Plant (Sep. P. 11)
- Council Supports Restarting Tokai Reprocessing Plant (Nov. P. 6)
- Tokai Reprocessing Plant Restarts Operation after Officials Agree (Dec. P. 4)

Plutonium

- TEPCO Postpones MOX-Use at Fukushima-I (Feb. P. 7)
- NSC Gives Green Light to TEPCO's Use of MOX Fuel at Kashiwazaki Kariwa (Mar. P. 14)
- Kansai Electric Sets Up Committee to Investigate BNFL's Improper Data Substitution (Mar. P. 14)
- Kansai Electric Releases Report on Falsified MOX Data (Apr. P. 13)
- Kansai Electric Submits Final Report on MOX Data Falsification (Aug. P. 7)
- U.K. to Take Back MOX Fuel Headed for Japan (Aug. P. 7)
- Imported MOX Fuel Passes Inspection (Sep. P. 5)
- MOX Fuel Fabrication to Be Commercialized (Dec. P. 4)

Storage and Transportation

- MHI Develops Intermediate Storage Cask for PWRs (Feb. P. 11)

Radioactive Waste

- JNC Releases Second Report on Technological Reliability in HLW Geological Disposal (Jan. P. 6)
- MITI's Subcommittee Estimates HLW Disposal Costs at ¥3.04 Trillion (Jan. P. 7)
- AEC Advisory Committee Proposes Basic Policy for TRU Waste Disposal (Jan. P. 14)
- HLW-Disposal Bill Passes Lower House (Jun. P. 8)
- Upper House Passes HLW Disposal Bill (Jul. P. 10)
- HLW Disposal Implementing Body to Be Set Up in October (Aug. P. 12)
- International Workshop on HLW Disposal (Sep. P. 10)
- Nuclear Subcommittee Decides Basic Policy for HLW Disposal Law (Oct. P. 11)
- Aomori Governor Signs Safety Agreement with JNFL (Nov. P. 4)
- Application for New HLW Disposal Entity Submitted and Approved (Nov. P. 4)
- MITI Designates HLW Funds-Control Entity (Dec. P. 12)
- CRIEPI, NAGRA Conclude Cooperation Agreement on HLW Disposal (Dec. P. 12)

NUCLEAR INDUSTRY

Electric Utilities

- MITI's Subcommittee Proposes Rules of Electricity Liberalization (Jan. P. 16)
- TEPCO Postpones MOX-Use at Fukushima-I (Feb. P. 7)
- JAPC's Tsuruga-2 Resumes Operation After Seven Months' Stoppage (Mar. P. 13)
- JAPC Makes Case for Additional Reactor Construction to Tsuruga City (Mar. P. 14)
- NSC Gives Green Light to TEPCO's Use of MOX Fuel at Kashiwazaki Kariwa (Mar. P. 14)
- Kansai Electric Sets Up Committee to Investigate BNFL's Improper Data Substitution (Mar. P. 14)
- JAPC Petitions Fukui Prefecture and Tsuruga City to Build New NPS (Apr. P. 4)
- Chubu Electric Power Co. to Review its Plan for Ashihama NPS (Apr. P. 9)
- Japan's Electricity Market Enters New Era of Deregulation (Apr. P. 11)
- Tohoku Electric Will Not Join Citizens' Demand for Audit of Maki Land Sale (Apr. P. 13)
- Kansai Electric Releases Report on Falsified MOX Data (Apr. P. 13)
- Chugoku Electric Concludes Fisheries Compensation for Kaminoseki NPS (Jun. P. 7)
- Shimane Governor Agrees to Construction of Shimane-3 NPS (Aug. P. 4)
- Hokkaido Governor Indicates Support for Construction of Tomari-3 NPS (Aug. P. 4)
- Kansai Electric Submits Final Report on MOX Data Falsification (Aug. P. 7)
- Gov. Approves Shimane-3 Construction Plan (Sep. P. 4)
- Tohoku's Higashidori-I Clears Base-Rock Test (Sep. P. 6)
- Hokkaido Agrees to Construction Plan for Tomari-3 NPS (Oct. P. 4)
- Kyushu Electric Applies for EIA for Sendai-3 NPS (Oct. P. 5)
- Chugoku Electric Submits Application for Shimane-3 (Nov. P. 6)

- **Gov. Approves Tomari-3 Construction Plan (Nov. P. 7)**
- **Hokkaido Electric Applies for Tomari-3 Construction (Dec. P. 6)**

Manufacturing

- **Toshiba, IHI, TPK to Create Two New Companies (Jan. P. 11)**
- **Kobe Steel and Stella Chemifa Succeed in Mass-producing Boron-10 (Feb. P. 12)**
- **Toshiba Techno-Service Develops Watch-Style Dosimeter (Feb. P. 17)**
- **Westinghouse and Mitsubishi Sign Cross-licensing Agreements (Mar. P. 16)**
- **MHI Signs Equipment Supply Contract with KHI for KEDO (May P. 21)**
- **Company Develops Neutron-shielding Material (Jun. P. 13)**
- **MHI Develops Small-sized Electron Beam Irradiation System (Jul. P. 10)**
- **SNK Develops Duct Observation Robot (Aug. P. 14)**
- **Iwasaki Electric Introduces Miniature Electron Beam Machine (Sep. P. 14)**

INTERNATIONAL COOPERATION

- **14th Sino-Japanese Seminar on Nuclear Safety Held in Tokyo (Feb. P. 15)**
- **JAIF Sets Up Committee to Promote Cooperation with Vietnam (Apr. P. 17)**
- **JAIF Signs Agreement With Vietnam's AEC on Basic Cooperation Plan for 2000 (May P. 8)**
- **JAIF Holds Seminar for Vietnamese Trainees (Aug. P. 15)**
- **First FNCA Meeting Held in Thailand (Dec. P. 7)**
- **CRIEPI, NAGRA Conclude Cooperation Agreement on HLW Disposal (Dec. P. 12)**

RADIOISOTOPES & RADIATION

- **Toshiba Techno-Service Develops Watch-Style Dosimeter (Feb. P. 17)**
- **Chiyoda Technol Starts Radioisotope Production and Sales (Jun. P. 13)**
- **MHI Develops Small-sized Electron Beam Irradiation System (Jul. P. 10)**
- **Iwasaki Electric Introduces Miniature Electron Beam Machine (Sep. P. 14)**
- **Gene for Petal Shape Identified by Ion Irradiation (Oct. P. 12)**

NUCLEAR SHIP

NUCLEAR FUSION

- **AEC's Subcommittee Argues for Locating ITER in Japan (Mar. P. 17)**
- **ITER Committee Resumes Work (Sep. P. 11)**

R & D ORGANIZATION

- JNC Assigns Canadian Uranium Interests (Jul. P. 4)
- JAERI to Start Power-up Test at HTTR (Aug. P. 13)
- JAERI Recreates Criticality Moment (Aug. P. 13)
- JAERI to Authorize Establishment of New Venture Business (Aug. P. 14)
- JNC Puts Together Budget Requests for Fiscal 2001 (Sep. P. 12)
- Governor Agrees to JNC's Underground Research Facility (Nov. P. 5)
- SPEEDI Explains Tokyo's "Rotten Egg" Smell (Nov. P. 10)
- JAERI Team Wins Third Prize in "Go" Competition (Nov. P. 13)
- JNC, Hokkaido and Horonobe Town Ink Underground Research Agreement (Dec. P. 5)

CONFERENCE

- 14th Sino-Japanese Seminar on Nuclear Safety Held in Tokyo (Feb. P. 15)
- JAIF Holds New Year's Party (Feb. P. 16)
- MINATOM Holds First Nuclear Exhibition in Tokyo (Apr. P. 17)
- JAIF Holds 33rd Annual Conference in Tokyo (May P. 3)
- JAIF to Hold 2001 Annual Conference in Aomori (Jun. P. 17)
- The 33rd JAIF ANNUAL CONFERENCE (Jun. P. 20)
- Japan Session Held at Annual Nuclear Conference in Germany (Jul. P. 6)
- International Workshop on HLW Disposal (Sep. P. 10)
- Japan-Russia FBR Expert Meeting Held in July in Moscow (Sep. P. 14)
- Agriculture and Energy Symposium Held in Tokai (Sep. P. 14)
- First FNCA Meeting Held in Thailand (Dec. P. 7)
- Tsuruga International Energy Forum 2000 Held (Dec. P. 9)

PERSONNEL

- Yasuhiro Kato Appointed Vice Minister of STA (Jan. P. 14)
- New JAIF Chairman Announced (Jul. P. 14)
- New Minister: Japan Cannot Survive Without Nuclear Power (Aug. P. 10)
- JAIF Senior Managing Director Becomes FNCA Coordinator (Sep. P. 15)
- Russian Nuclear Minister Visits Japan (Oct. P. 10)
- JAIF Chairman Nishizawa Visits China (Oct. P. 13)
- Jinzaburo Takagi Dies at 62 (Nov. P. 13)
