

# CONTENTS OF Vol. 45, 2001

# *Atoms In Japan*

## No.1 (Jan.) ~ No.12 (Dec.)

This is the index to the 2001 issues of *Atoms In Japan*.  
Subject heading followed by a month and page citation.

## SCOPE

- The Challenge of the 21st Century — What Japan and the Nuclear Power Industry Face — (Jan. P. 2)
- Japan Atomic Industrial Forum New Year's Address by Chairman (Feb. P. 2)
- What Have We Learned from Our Failures? (Mar. P. 2)
- The Potential of Nuclear Power Technology and Nuclear Energy: Let Us Accept the Challenge (Apr. P. 2)
- Address to 34th JAIF Annual Conference by Chairman (May. P. 2)
- National Responsibility for Nuclear Fuel-cycle Policy Must Be Clarified (Jun. P. 2)
- The "Solution" Again might be to Make Organizations Bigger and Spend More Money (Jul. P. 2)
- "Embracing Defeat" Again (Aug. P. 2)
- Nuclear Energy and the COP6 Agreement (Sep. P. 2)
- Let Us Construct a Global Risk Management System (Oct. P. 2)
- Nuclear Power Plants and Terrorism (Nov. P. 2)
- The Greatest Task of the Century, and the Role of Energy and Nuclear Power (Dec. P. 2)

## SWING

- JAIF Releases Results of 41st Annual Industry Fact-Finding Survey for Fiscal 1999 — R&D Expenditures Are Shrinking — (Feb. P. 11)
- Report from Youth Forum for Thinking about Nuclear Energy (Jul. P. 20)
- Kyushu Electric Totally Overhauls Units 1 and 2 at Genkai NPS (Nov. P. 11)

## INTERVIEW

- Interview with New AEC Chairman Yoichi Fujii (Mar. P. 9)
- Interview with New JNFL Pres. Masashi Sasaki (Mar. P. 10)
- Interview with New AEC Commissioner Tetsuo Takeuchi (Mar. P. 11)

## ENERGY&NUCLEAR POLICY

- New Long-term Nuclear Program Finalized in November (Jan. P. 9)
- New Ministerial Alignment for National Nuclear Administration (Jan. P. 10)
- New JAIF Committee Tackles Human Resources Problem (Jan. P. 14)
- New Nuclear Administration Is in Place (Feb. P. 3)
- Special Committee Urges ITER Location in Japan (Feb. P. 23)
- Nuclear Power Subcommittee Starts Afresh after Reorganization (Mar. P. 14)
- JAIF Addresses Nuclear Personnel Issues (Mar. P. 15)
- National Government to Continue Support of MOX Use at Fukushima (Apr. P. 6)
- National Government Exchanges Opinions with a Local Government (Apr. P. 7)

- **AEC Will Get Involved in MOX Fuel Issue (Apr. P. 7)**
- **Working Group Looks at Ensuring Energy Security (Apr. P. 12)**
- **Working Group Finalizes Supply-and-demand Standard Case (Apr. P. 12)**
- **Scenario Studies Begin, Based on Standard Case (Apr. P. 13)**
- **Council Requests ¥24 Trillion for Scientific R&D over Five Years (May. P. 15)**
- **Long-term Target Scenarios to Be Presented by June (Jun. P. 9)**
- **Meeting of Council of Governments with Atomic Power Stations (Jun. P. 9)**
- **Nuclear Reactor Backlog and Electricity Outlook (Jun. P. 10)**
- **The 34th JAIF ANNUAL CONFERENCE (Jun. P. 13)**
- **Government Steps Up MOX-fuel PR Campaign Following Vote (Jul. P. 6)**
- **Dialogue with Public to Be Realized as Soon as Possible (Jul. P. 6)**
- **Private and Public Sectors Step Up Efforts Promote MOX Use (Jul. P. 7)**
- **Four Officials Request Nuclear Municipalities to Support MOX Fuel Plan (Jul. P. 7)**
- **Fukushima Prefecture Holds Hearing on Energy Issues (Jul. P. 8)**
- **JAIF 50th General Meeting Resolves to Promote Understanding on MOX Fuel (Jul. P. 9)**
- **Subcommittee Reports on Securing Nuclear Technological Base (Jul. P. 12)**
- **AEC Decides on ITER Invitation Policy (Jul. P. 14)**
- **Experts' Conference on Nuclear Policy Held in Aomori (Aug. P. 4)**
- **METI Minister Visits Niigata Prefecture (Aug. P. 5)**
- **Committee Urges Construction of 10 to 13 New NPPs (Aug. P. 6)**
- **CSTP Says FY2002 Resource Allocations Should Reflect Strategic Priorities (Aug. P. 7)**
- **Niigata Prefecture Asks Government and TEPCO to Enlighten Nation on Need for MOX Fuel (Sep. P. 4)**
- **Kimoto Takes Leave from Post as AEC Commissioner (Sep. P. 7)**
- **Meeting Discusses Difficulties in Training and Securing Personnel (Oct. P. 13)**
- **Importance Stressed of Reinforcing Nuclear Technology Base (Oct. P. 14)**
- **Ruling Parties Move on Antiterrorism Measures (Nov. P. 6)**
- **AEC Gears Up for Citizen's Participatory Gathering (Nov. P. 8)**
- **New AEC Advisory Committee on R&D Starts Work (Nov. P. 16)**
- **JAIF Executives Visit MEXT Minister (Nov. P. 20)**
- **AEC Committee Holds Second Meeting about Public Exchanges (Dec. P. 9)**

## **BUDGET & LAW**

- **Special Law for Nuclear Siting Area Development Passes House of Representatives (Jan. P. 12)**
- **New Nuclear Administration Is in Place (Feb. P. 3)**
- **MOFA Requests ¥6.38 Billion for Fiscal 2001 Nuclear Budget (Mar. P. 17)**

- Meeting of Council of Governments with Atomic Power Stations (Jun. P. 9)
- CSTP Says FY2002 Resource Allocations Should Reflect Strategic Priorities (Aug. P. 7)
- Fukui Prefecture Approves Tax Hike On Nuclear Fuel (Aug. P. 11)
- Fukui and Shimane Prefectures Designated for Siting Promotion (Oct. P. 5)
- METI Requests 7.7% Increase in Nuclear Budget (Oct. P. 6)
- JAIF Submit Budget Requests to AEC for Fiscal 2002 (Oct. P. 10)
- AEC Subcommittee for Planning and Evaluation Holds First Meeting (Oct. P. 11)

## SURVEY & STATISTICS

- JAIF Releases Results of 41st Annual Industry Fact-Finding Survey for Fiscal 1999  
— R&D Expenditures Are Shrinking — (Feb. P. 11)
- Nuclear Energy Supplies 13% of Primary Energy (May. P. 8)
- Report Highlights Contribution of TEPCO's NPS to Regional Economy (May. P. 9)
- Report on Japan's NPP Performance in FY2000 (May. P. 12)
- Nuclear Reactor Backlog and Electricity Outlook (Jun. P. 10)

## NUCLEAR NON-PROLIFERATION

## NUCLEAR POWER GENERATION

### Planning & Siting

- Yamaguchi Governor Supports Nuclear Energy (Jan. P. 13)
- JAPC Submits EIA Preliminary Report for Units 3 and 4 at Tsuruga NPS (Feb. P. 10)
- TEPCO Freezes Development of All Power Sources But NPPs (Mar. P. 4)
- Construction of Ohma NPS Moved Back to March 2003 (Mar. P. 6)
- Mayor of Sendai Concurs with Kyushu Electric's EIA for Sendai-3 (Mar. P. 7)
- METI Issues Recommendation for TEPCO's EIA (Apr. P. 8)
- Higashidori Mayor Appeals to TEPCO to Continue NPS Plan (Apr. P. 8)
- FY2001 Electric Companies Investment Below ¥3,000 Billion (May. P. 6)
- Yamaguchi Governor Agrees to Construction of Kaminoseki NPS (Jun. P. 4)
- Tohoku Electric's Onagawa-3 Connects to Grid (Jul. P. 10)
- METI Approves EIA for Kaminoseki-1&2 (Aug. P. 9)
- Miyama Town to Hold Citizens' Referendum (Sep. P. 7)
- Fukui and Shimane Prefectures Designated for Siting Promotion (Oct. P. 5)
- Miyama Town Passes Citizen's Referendum Ordinance (Nov. P. 9)
- Eight Local Bodies in Mihama File Petition for NPP Construction (Nov. P. 10)
- Tohoku Electric's Onagawa-3 Attains 100% Output (Nov. P. 13)

- **Miyama Town Votes Against NPP Siting** (Dec. P. 6)

## **Operation, Maintenance and Repair**

- **Nuclear Fuel Tax Will Go Up** (Feb. P. 21)
- **Kansai Electric Increases SF Storage Capacity of Ohi-3** (Mar. P. 14)
- **Report on Japan's NPP Performance in FY2000** (May. P. 12)
- **NPSs Maintain High Safety Level in Fiscal 2000** (May. P. 14)
- **Tohoku Electric's Onagawa-3 Connects to Grid** (Jul. P. 10)
- **Tomari NPS Sets 100TWh Mark in Electricity Generated** (Oct. P. 11)
- **Operation of Mihama-2 Extended One Decade** (Oct. P. 12)
- **First Step Taken Toward Operation at Constant Thermal Output** (Nov. P. 7)
- **Kyushu Electric Totally Overhauls Units 1 and 2 at Genkai NPS** (Nov. P. 11)
- **Kyushu Electric Attains 500TWh in Cumulative Nuclear Generation** (Nov. P. 13)
- **Tohoku Electric's Onagawa-3 Attains 100% Output** (Nov. P. 13)

## **Accidents and Troubles**

- **NPSs Maintain High Safety Level in Fiscal 2000** (May. P. 14)
- **JAERI Develops Rescue Robots for Nuclear Disasters** (May. P. 14)
- **Construction Completed at Hokkaido Nuclear Disaster Prevention Center** (Jul. P. 10)
- **NSC Proposes Emergency Medical Networks** (Jul. P. 13)
- **JAERI Develops Earthquake Information System** (Jul. P. 13)
- **JNC Seeks Permission to Change Thermometer Design at Monju** (Aug. P. 11)
- **Agency Requests BWR Owners to Make Shroud Check** (Oct. P. 13)
- **JAERI Develops Radiation-proof Robot** (Oct. P. 16)
- **Agency Approves Tie-rod Method at Fukushima II NPS's BWR** (Nov. P. 14)
- **Tomari NPS Holds Comprehensive Disaster Readiness Drill** (Dec. P. 4)
- **Steam Leakage at Hamaoka NPS** (Dec. P. 7)

## **Decommissioning**

- **Fuel Unloading Now Complete at JAPC's Tokai NPS** (May. P. 12)
- **JAPC Files Request to Dismantle Tokai NPS** (Nov. P. 4)
- **JAPC's Report for Dismantling Tokai NPS Is Approved** (Dec. P. 11)

## **SAFETY & RADIATION PROTECTION**

- **New Nuclear Administration Is in Place** (Feb. P. 3)
- **NSC Officially Begins Look at Safety Targets** (Mar. P. 12)

- Guidelines for MOX Fuel Fabrication Facilities to Be Issued (Mar. P. 12)
- Safety Subcommittee to Address Basis for Safety (Mar. P. 13)
- NS net Conducts Peer Reviews at Onagawa and Ikata NPPs (Mar. P. 16)
- NPSs Maintain High Safety Level in Fiscal 2000 (May. P. 14)
- JAERI Develops Rescue Robots for Nuclear Disasters (May. P. 14)
- JAERI Develops Radiation Detector Using CVD Diamond (May. P. 16)
- Prefecture and City Consent to Monju Safety Examination (Jul. P. 4)
- Construction Completed at Hokkaido Nuclear Disaster Prevention Center (Jul. P. 10)
- NSC Proposes Emergency Medical Networks (Jul. P. 13)
- JAERI Develops Earthquake Information System (Jul. P. 13)
- NSC Starts Revising Aseismic Safety Guidelines (Aug. P. 9)
- Agency Requests BWR Owners to Make Shroud Check (Oct. P. 13)
- JAERI Develops Radiation-proof Robot (Oct. P. 16)
- First Step Taken Toward Operation at Constant Thermal Output (Nov. P. 7)
- Fabrication & Reprocessing Facilities to Be Subject to Periodical Safety Reviews (Nov. P. 13)
- Agency Approves Tie-rod Method at Fukushima II NPS's BWR (Nov. P. 14)
- NSnet Holds Second Annual Seminar (Nov. P. 15)
- NSC's Subcommittee Discusses Low Radiation Effect (Nov. P. 16)
- Tomari NPS Holds Comprehensive Disaster Readiness Drill (Dec. P. 4)
- Steam Leakage at Hamaoka NPS (Dec. P. 7)

## ENVIRONMENT

- Japan's Kyoto Environmental Targets Can Be Met (Aug. P. 10)
- Nuclear Power Generates Only 22g of CO<sub>2</sub> Per kWh (Aug. P. 10)

## PUBLIC ACCEPTANCE

- Young Generation Network Established in AESJ (May. P. 16)
- NSC Registers Fancy Logo (May. P. 17)
- FEPC Chairman Reaffirms Promotion of MOX-Use (Jun. P. 5)
- Government Steps Up MOX-fuel PR Campaign Following Vote (Jul. P. 6)
- Dialogue with Public to Be Realized as Soon as Possible (Jul. P. 6)
- Private and Public Sectors Step Up Efforts Promote MOX Use (Jul. P. 7)
- Four Officials Request Nuclear Municipalities to Support MOX Fuel Plan (Jul. P. 7)
- Fukushima Prefecture Holds Hearing on Energy Issues (Jul. P. 8)
- JAIF 50th General Meeting Resolves to Promote Understanding on MOX Fuel (Jul. P. 9)
- METI Minister Visits Niigata Prefecture (Aug. P. 5)

- **JNC Opens Museums in Fukui and Ibaraki Prefectures** (Aug. P. 11)
- **Niigata Prefecture Asks Government and TEPCO to Enlighten Nation on Need for MOX Fuel** (Sep. P. 4)
- **AEC Gears Up for Citizen's Participatory Gathering** (Nov. P. 8)
- **Energy Symposium Held in Tokyo in October** (Nov. P. 14)
- **JEMA Stages Big PR Effort for MOX Fuel** (Nov. P. 17)
- **Winners of Nuclear Energy Day Art Contest Announced** (Nov. P. 17)
- **JNFL's Visitor Center Celebrates 10th Anniversary** (Nov. P. 18)
- **Tomari NPS Holds Comprehensive Disaster Readiness Drill** (Dec. P. 4)
- **AEC Committee Holds Second Meeting about Public Exchanges** (Dec. P. 9)
- **Uranium Glass Collectors Club Held Nuclear Energy Day Exhibit** (Dec. P. 13)

## ADVANCED & RESEARCH REACTORS

### FBR

- **JNC Requests Tsuruga City and Fukui Prefecture to Make Safety Examination on FBR Monju** (Jan. P. 8)
- **JNC to Conduct Fast Reactor Safety Studies with Kazakhstan** (Mar. P. 8)
- **JNC Signs Technical Cooperation Agreement with BNFL** (Jun. P. 10)
- **Prefecture and City Consent to Monju Safety Examination** (Jul. P. 4)
- **JNC Seeks Permission to Change Thermometer Design at Monju** (Aug. P. 11)
- **JNC Cooperates with Russia to Dispose of Excess Plutonium** (Sep. P. 8)

### ATR

### HTGR

- **MHI to Carry Out PBMR Feasibility Study in South Africa** (Oct. P. 8)

### Research Reactor

## NUCLEAR FUEL CYCLE

### Fabrication

- **Guidelines for MOX Fuel Fabrication Facilities to Be Issued** (Mar. P. 12)
- **JNC Cooperates with Russia to Dispose of Excess Plutonium** (Sep. P. 8)
- **Fabrication & Reprocessing Facilities to Be Subject to Periodical Safety Reviews** (Nov. P. 13)

## Uranium Enrichment

- **JNC Halts Development of Uranium Enrichment Technology (Nov. P. 5)**

## Reprocessing

- **JNFL Inks Safety Agreements with Six Municipalities (Jan. P. 5)**
- **COGEMA to Cooperate with JNFL in Running Reprocessing Facility (Aug. P. 8)**
- **Fabrication & Reprocessing Facilities to Be Subject to Periodical Safety Reviews (Nov. P. 13)**

## Plutonium and MOX

- **Plutonium Timekeeper Used for 5,000-year Project (Jan. P. 13)**
- **Kariwa Village Assembly Defeats Bill for Citizens' Referendum on MOX Use (Feb. P. 9)**
- **JNFL Signs Cooperation Agreement on MOX Business with JNC (Feb. P. 22)**
- **TEPCO Visits Entire Kariwa Village to Explain MOX Plan (Mar. P. 5)**
- **Guidelines for MOX Fuel Fabrication Facilities to Be Issued (Mar. P. 12)**
- **Governor of Fukushima Turns Down MOX Use by TEPCO (Apr. P. 5)**
- **National Government to Continue Support of MOX Use at Fukushima (Apr. P. 6)**
- **National Government Exchanges Opinions with a Local Government (Apr. P. 7)**
- **AEC Will Get Involved in MOX Fuel Issue (Apr. P. 7)**
- **MOX Fuel Delivered to TEPCO's Kashiwazaki Kariwa-3 NPS (May. P. 7)**
- **Court Refuses to Halt MOX Use by TEPCO at Fukushima (May. P. 10)**
- **FEPC Chairman Reaffirms Promotion of MOX-Use (Jun. P. 5)**
- **Kariwa Villagers Vote Against MOX Use (Jun. P. 6)**
- **MOX Use Postponed at Kashiwazaki Kariwa-3 (Jul. P. 5)**
- **Government Steps Up MOX-fuel PR Campaign Following Vote (Jul. P. 6)**
- **Dialogue with Public to Be Realized as Soon as Possible (Jul. P. 6)**
- **Private and Public Sectors Step Up Efforts Promote MOX Use (Jul. P. 7)**
- **Four Officials Request Nuclear Municipalities to Support MOX Fuel Plan (Jul. P. 7)**
- **Fukushima Prefecture Holds Hearing on Energy Issues (Jul. P. 8)**
- **JAIF 50th General Meeting Resolves to Promote Understanding on MOX Fuel (Jul. P. 9)**
- **METI Minister Visits Niigata Prefecture (Aug. P. 5)**
- **Niigata Prefecture Asks Government and TEPCO to Enlighten Nation on Need for MOX Fuel (Sep. P. 4)**
- **JNC Cooperates with Russia to Dispose of Excess Plutonium (Sep. P. 8)**
- **JNFL Moving Forward on MOX Plant (Oct. P. 4)**
- **JEMA Stages Big PR Effort for MOX Fuel (Nov. P. 17)**

## **Storage and Transportation**

- **JNFL Inks Safety Agreements with Six Municipalities (Jan. P. 5)**
- **Mutsu City Asks TEPCO to Make Interim Storage Feasibility Study (Jan. P. 6)**
- **New Nuclear Administration Is in Place (Feb. P. 3)**
- **Kansai Electric Increases SF Storage Capacity of Ohi-3 (Mar. P. 14)**
- **TEPCO Opens Office for Interim Storage Feasibility Study in Mutsumi (Mar. P. 15)**
- **JNFL Seeks Permit to Construct Additional HLW Storage Facility (Apr. P. 10)**
- **Fourth Delivery of Spent Fuel to Rokkasho for FY2000 (Apr. P. 15)**
- **MOX Fuel Delivered to TEPCO's Kashiwazaki Kariwa-3 NPS (May. P. 7)**

## **Radioactive Waste**

- **JNFL Inks Safety Agreements with Six Municipalities (Jan. P. 5)**
- **Geological Disposal Research Plan Reviewed (Feb. P. 23)**
- **RANDEC Set Up for LLW (Feb. P. 23)**
- **JNC Explains Underground Research Plan to Local People (Apr. P. 9)**
- **JNC Signs Technical Cooperation Agreement with BNFL (Jun. P. 10)**
- **NUMO and POSIVA Sign Cooperation Agreement (Jul. P. 11)**
- **NUMO and NAGRA Sign Cooperation Agreement (Jul. P. 12)**
- **JNC and NUMO Sign Technical Cooperation Agreement (Aug. P. 9)**
- **Process Announced for Selecting Final HLW Disposal Site (Dec. P. 7)**

## **NUCLEAR INDUSTRY**

### **Electric Utilities**

- **Mutsu City Asks TEPCO to Make Interim Storage Feasibility Study (Jan. P. 6)**
- **Yamaguchi Governor Supports Nuclear Energy (Jan. P. 13)**
- **TEPCO and Fishermen Unions Reach Compensation Agreement in Fukushima (Jan. P. 14)**
- **Lawsuits Filed by Nuclear Opponents All Turned Down (Feb. P. 8)**
- **Kariwa Village Assembly Defeats Bill for Citizens' Referendum on MOX Use (Feb. P. 9)**
- **JAPC Submits EIA Preliminary Report for Units 3 and 4 at Tsuruga NPS (Feb. P. 10)**
- **Nuclear Fuel Tax Will Go Up (Feb. P. 21)**
- **TEPCO Freezes Development of All Power Sources But NPPs (Mar. P. 4)**
- **TEPCO Visits Entire Kariwa Village to Explain MOX Plan (Mar. P. 5)**
- **Construction of Ohma NPS Moved Back to March 2003 (Mar. P. 6)**
- **Mayor of Sendai Concurs with Kyushu Electric's EIA for Sendai-3 (Mar. P. 7)**
- **Kansai Electric Increases SF Storage Capacity of Ohi-3 (Mar. P. 14)**
- **TEPCO Opens Office for Interim Storage Feasibility Study in Mutsumi (Mar. P. 15)**

- **NS net Conducts Peer Reviews at Onagawa and Ikata NPPs (Mar. P. 16)**
- **Governor of Fukushima Turns Down MOX Use by TEPCO (Apr. P. 5)**
- **National Government to Continue Support of MOX Use at Fukushima (Apr. P. 6)**
- **National Government Exchanges Opinions with a Local Government (Apr. P. 7)**
- **AEC Will Get Involved in MOX Fuel Issue (Apr. P. 7)**
- **METI Issues Recommendation for TEPCO's EIA (Apr. P. 8)**
- **Higashidori Mayor Appeals to TEPCO to Continue NPS Plan (Apr. P. 8)**
- **Fourth Delivery of Spent Fuel to Rokkasho for FY2000 (Apr. P. 15)**
- **FY2001 Electric Companies Investment Below ¥3,000 Billion (May. P. 6)**
- **MOX Fuel Delivered to TEPCO's Kashiwazaki Kariwa-3 NPS (May. P. 7)**
- **Report Highlights Contribution of TEPCO's NPS to Regional Economy (May. P. 9)**
- **Court Refuses to Halt MOX Use by TEPCO at Fukushima (May. P. 10)**
- **Fuel Unloading Now Complete at JAPC's Tokai NPS (May. P. 12)**
- **Report on Japan's NPP Performance in FY2000 (May. P. 12)**
- **Yamaguchi Governor Agrees to Construction of Kaminoseki NPS (Jun. P. 4)**
- **FEPC Chairman Reaffirms Promotion of MOX-Use (Jun. P. 5)**
- **Kariwa Villagers Vote Against MOX Use (Jun. P. 6)**
- **Nuclear Reactor Backlog and Electricity Outlook (Jun. P. 10)**
- **MOX Use Postponed at Kashiwazaki Kariwa-3 (Jul. P. 5)**
- **Four Officials Request Nuclear Municipalities to Support MOX Fuel Plan (Jul. P. 7)**
- **Fukushima Prefecture Holds Hearing on Energy Issues (Jul. P. 8)**
- **Construction Completed at Hokkaido Nuclear Disaster Prevention Center (Jul. P. 10)**
- **Tohoku Electric's Onagawa-3 Connects to Grid (Jul. P. 10)**
- **METI Minister Visits Niigata Prefecture (Aug. P. 5)**
- **METI Approves EIA for Kaminoseki-1&2 (Aug. P. 9)**
- **Fukui Prefecture Approves Tax Hike On Nuclear Fuel (Aug. P. 11)**
- **Niigata Prefecture Asks Government and TEPCO to Enlighten Nation on Need for MOX Fuel (Sep. P. 4)**
- **Miyama Town to Hold Citizens' Referendum (Sep. P. 7)**
- **Tomari NPS Sets 100TWh Mark in Electricity Generated (Oct. P. 11)**
- **Operation of Mihama-2 Extended One Decade (Oct. P. 12)**
- **Agency Requests BWR Owners to Make Shroud Check (Oct. P. 13)**
- **JAPC Files Request to Dismantle Tokai NPS (Nov. P. 4)**
- **Miyama Town Passes Citizen's Referendum Ordinance (Nov. P. 9)**
- **Eight Local Bodies in Mihama File Petition for NPP Construction (Nov. P. 10)**
- **Kyushu Electric Totally Overhauls Units 1 and 2 at Genkai NPS (Nov. P. 11)**

- **Kyushu Electric Attains 500TWh in Cumulative Nuclear Generation (Nov. P. 13)**
- **Tohoku Electric's Onagawa-3 Attains 100% Output (Nov. P. 13)**
- **Agency Approves Tie-rod Method at Fukushima II NPS's BWR (Nov. P. 14)**
- **Tomari NPS Holds Comprehensive Disaster Readiness Drill (Dec. P. 4)**
- **Miyama Town Votes Against NPP Siting (Dec. P. 6)**
- **Steam Leakage at Hamaoka NPS (Dec. P. 7)**
- **JAPC's Report for Dismantling Tokai NPS Is Approved (Dec. P. 11)**

## **Manufacturing**

- **Three Replacement SGs on Their Way from Japan to Belgium (Apr. P. 16)**
- **JAERI Develops Radiation Detector Using CVD Diamond (May. P. 16)**
- **MHI Provides NPP Pump Technology to South Korea (Jul. P. 14)**
- **Niigata Prefecture Asks Government and TEPCO to Enlighten Nation on Need for MOX Fuel (Sep. P. 4)**
- **MHI to Carry Out PBMR Feasibility Study in South Africa (Oct. P. 8)**
- **MHI to Help Westinghouse Develop API000 (Oct. P. 8)**
- **JEMA Stages Big PR Effort for MOX Fuel (Nov. P. 17)**
- **Hitachi, AECL to Jointly Develop Next-generation CANDU (Dec. P. 6)**

## **INTERNATIONAL COOPERATION**

- **Japan-Korea Seminar on Nuclear Industry Held in November (Jan. P. 15)**
- **15th Sino-Japanese Seminar on Nuclear Safety Held in Taipei (Feb. P. 20)**
- **LDP Member Meets Head of Taiwanese Legislative Body (Feb. P. 20)**
- **JNC to Conduct Fast Reactor Safety Studies with Kazakhstan (Mar. P. 8)**
- **Second FNCA Coordinators Meeting Held in Tokyo (May. P. 10)**
- **JAERI Provides Support for Exhaust-gas Purification Plant in Poland (Jun. P. 11)**
- **The 34th JAIF ANNUAL CONFERENCE (Jun. P. 13)**
- **NUMO and POSIVA Sign Cooperation Agreement (Jul. P. 11)**
- **NUMO and NAGRA Sign Cooperation Agreement (Jul. P. 12)**
- **JAIF Cooperates with Nuclear Exhibition in Vietnam (Jul. P. 14)**
- **COGEMA to Cooperate with JNFL in Running Reprocessing Facility (Aug. P. 8)**
- **JAIF Holds Reception for Foreign Ambassadors and Diplomatic Staff (Aug. P. 12)**
- **JNC Cooperates with Russia to Dispose of Excess Plutonium (Sep. P. 8)**
- **JAIF Holds Joint Conference with BNIF (Oct. P. 15)**
- **16th Sino-Japanese Seminar on Nuclear Safety Held in Kanazawa City (Nov. P. 19)**
- **KAIF and JAIF Hold Seminar on Nuclear Industry in Seoul (Nov. P. 20)**

- French and Japanese Nuclear Experts Meet in Kagoshima (Dec. P. 8)

## **RADIOISOTOPES & RADIATION**

- Spice Association Requests Permit for Irradiation (Jan. P. 16)
- RANDEC Set Up for LLW (Feb. P. 23)
- Synchrotron Slated for Mutsu-Ogawara, Stimulating New Industries (Apr. P. 14)
- RIKEN Installs Undulator to Generate Intensified SOR (Apr. P. 14)
- JAIF Holds Public Meeting to Explain Synchrotron Radiation (May. P. 13)

## **NUCLEAR SHIP**

## **NUCLEAR FUSION**

- Special Committee Urges ITER Location in Japan (Feb. P. 23)
- AEC Decides on ITER Invitation Policy (Jul. P. 14)
- Three Prefectures Officially Indicate Desire to Site ITER (Sep. P. 9)
- Naka Squeaks By as Favored ITER Candidate Site (Dec. P. 11)

## **R & D ORGANIZATION**

- Geological Disposal Research Plan Reviewed (Feb. P. 23)
- JNC to Conduct Fast Reactor Safety Studies with Kazakhstan (Mar. P. 8)
- JNC Explains Underground Research Plan to Local People (Apr. P. 9)
- Synchrotron Slated for Mutsu-Ogawara, Stimulating New Industries (Apr. P. 14)
- RIKEN Installs Undulator to Generate Intensified SOR (Apr. P. 14)
- JAERI Develops Rescue Robots for Nuclear Disasters (May. P. 14)
- Council Requests ¥24 Trillion for Scientific R&D over Five Years (May. P. 15)
- JAERI Develops Radiation Detector Using CVD Diamond (May. P. 16)
- JNC Signs Technical Cooperation Agreement with BNFL (Jun. P. 10)
- JAERI Provides Support for Exhaust-gas Purification Plant in Poland (Jun. P. 11)
- NUMO and POSIVA Sign Cooperation Agreement (Jul. P. 11)
- NUMO and NAGRA Sign Cooperation Agreement (Jul. P. 12)
- JAERI Develops Earthquake Information System (Jul. P. 13)
- JNC and NUMO Sign Technical Cooperation Agreement (Aug. P. 9)
- JNC Cooperates with Russia to Dispose of Excess Plutonium (Sep. P. 8)
- JAERI Develops Radiation-proof Robot (Oct. P. 16)
- JNC Halts Development of Uranium Enrichment Technology (Nov. P. 5)
- Process Announced for Selecting Final HLW Disposal Site (Dec. P. 7)

## CONFERENCE

- Preparatory Committee for JAIF Annual Conference Established (Jan. P. 12)
- Japan-Korea Seminar on Nuclear Industry Held in November (Jan. P. 15)
- JAIF Holds New Year's Party (Feb. P. 19)
- 15th Sino-Japanese Seminar on Nuclear Safety Held in Taipei (Feb. P. 20)
- THE 34th JAIF Annual Conference was Held (May. P. 4)
- Second FNCA Coordinators Meeting Held in Tokyo (May. P. 10)
- JAIF Holds Public Meeting to Explain Synchrotron Radiation (May. P. 13)
- Meeting of Council of Governments with Atomic Power Stations (Jun. P. 9)
- The 34th JAIF ANNUAL CONFERENCE (Jun. P. 13)
- JAIF Cooperates with Nuclear Exhibition in Vietnam (Jul. P. 14)
- Experts' Conference on Nuclear Policy Held in Aomori (Aug. P. 4)
- JAIF Holds Reception for Foreign Ambassadors and Diplomatic Staff (Aug. P. 12)
- 35th JAIF Annual Conference to Be Held in Saitama Next Year (Sep. P. 9)
- JAIF Holds Joint Conference with BNIF (Oct. P. 15)
- AEC Gears Up for Citizen's Participatory Gathering (Nov. P. 8)
- Energy Symposium Held in Tokyo in October (Nov. P. 14)
