**Transformasi
Nasional 2050**

DIALOG PERDANA

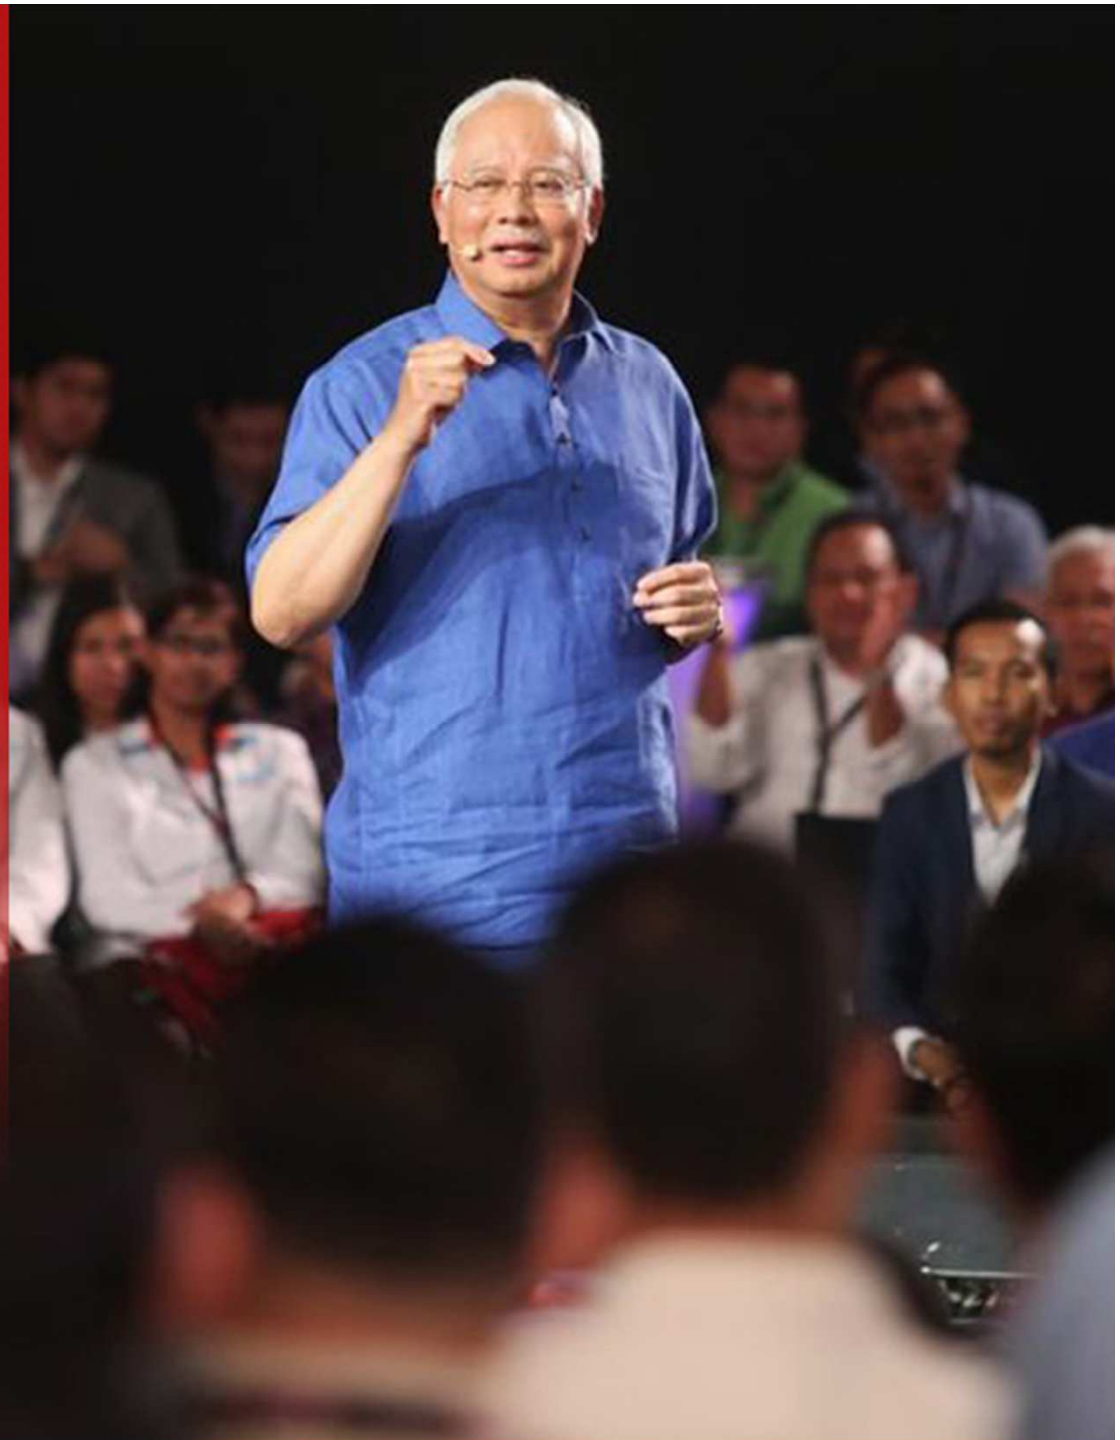

Transformasi
Nasional 2050

*“ Let TN50 bear witness;
(let it) be recorded
in history that we are
responsible citizens
and forefathers,
to leave behind the best
and **the greatest legacy**
to be inherited
by future generations.”*

*- Honourable
Prime Minister,
Dato' Sri Najib Razak*

“ To realise TN50, we need a diversified and balanced energy mix as a catalyst to the country’s growing economy. The collateral goals include not only reducing our emissions for a low-carbon environment, but ultimately, paving the way for us to leave **a legacy to be inherited by future generations** in line with the aspirations of TN50, through **reliable and clean energy.**”

- Honourable Minister,
Dato’ Sri Nancy Shukri

A group of people, mostly women wearing white hoodies, are shown from the chest up, holding Malaysian flags on sticks. They are looking upwards and smiling, suggesting a celebratory or patriotic event. The background is a clear blue sky with some light clouds. The text is overlaid on the image in a dark blue, bold font.

“ I wish to see a low carbon future through a transition to clean energy – one that includes **nuclear power in the narrative.**

We have to remember that this is not just about making an investment for our future generation; this is about **fulfilling our moral obligation to them too. ”**

Thank You

MYRA LIYANA RAZALI
