The Secretariat of the International Atomic Energy Agency (IAEA) presents its compliments to the IAEA's Member States and has the honour to draw their attention to the **Technical Meeting on Human Resource Development for Decommissioning** (hereinafter referred to as "event") to be held at the IAEA's Headquarters in Vienna, Austria, from **20 to 24 July 2020**.

The purpose of the event is to continue the exchange of information and national experiences relating to training, competency and human resource development considerations for the decommissioning of nuclear installations.

The attached Information Sheet provides further details of the event.

The event will be held in English.

Member States are invited to designate one or more participants to represent the Government at this event. Member States are strongly encouraged to identify suitable women participants.

The IAEA is generally not in a position to bear the travel and other costs of participants in the event. The IAEA has, however, limited funds at its disposal to help meet the cost of attendance of certain participants. Upon specific request, such assistance may be offered to normally one participant per country, provided that, in the IAEA's view, the participant will make an important contribution to the event. The application for financial support should be made at the time of designating the participants using the attached Grant Application Form (Form C).

It should be noted that compensation is not payable by the IAEA for any damage to or loss of personal property. The IAEA also does not provide health insurance coverage for participants in IAEA events. Arrangements for private insurance coverage on an individual basis should therefore be made. The IAEA will, however, provide insurance coverage for accidents and illnesses that clearly result from any work performed for the IAEA.

Designations should be submitted to the IAEA through the competent national authority (Ministry of Foreign Affairs, Permanent Mission to the IAEA or National Atomic Energy Authority) not later than **24 April 2020** using the attached Participation Form (Form A). Completed and authorized Participation Forms should be sent either by email to: Official.Mail@iaea.org or by fax to: +43 1 26007 (no hard copies needed). Copies should be sent by email to the Scientific Secretary of the event, Mr Patrick O'Sullivan, Division of Nuclear Fuel Cycle and Waste Technology, Department of Nuclear Energy (Email: P.OSullivan@iaea.org), and to the Administrative Secretary, Ms Iris Kridtner (Email: I.Kridtner@iaea.org). The Scientific Secretary of the event will liaise with the participants directly concerning further arrangements, including travel details, as appropriate, once official designations have been received.

Should Governments wish, in addition, to appoint one or more observers to assist and advise the designated participants, they are kindly requested to inform the IAEA of the names and contact details of any such observers by the above date. In accordance with the established rules, Governments are expected to bear the cost of attendance of any observers they may send to IAEA events. Compensation is not payable by the IAEA for any damage to or loss of observers' personal property or for illness, injury or death occurring while travelling to or in connection with their attendance at IAEA events.

The Secretariat of the International Atomic Energy Agency avails itself of this opportunity to renew to the IAEA's Member States the assurances of its highest consideration.

Technical Meeting on Human Resource Development for Decommissioning

**IAEA Headquarters
Vienna, Austria**

20–24 July 2020

Ref. No.: EVT1905496

Information Sheet

Introduction

Current approaches to human resource development in the nuclear industry typically involve an increasingly more integrated approach to workforce planning, education, training and nuclear knowledge management (KM). This evolution towards a knowledge-centred integrated approach has coincided with increasing interest in the use of digital technologies to support the planning and implementation of decommissioning projects. Current relevant good practice in this field is reflected in a draft revision of the IAEA Nuclear Energy Series Publication No. NG-T-2.3 ‘Decommissioning of Nuclear Facilities: Training and Human Resource Considerations’ was finalized in January 2020 by a dedicated task group which worked on this project over a 2-year period. The report is expected to be published in 2020; it provides guidance on human resource development and reports experiences and lessons learnt from decommissioning organisations and the supporting supply chain, taking account of different contractual strategies for project implementation.

Objectives

The purpose of the event is to continue the exchange of information and national experiences relating to training, competency and human resource development considerations for the decommissioning of nuclear installations.

Scope

The event is concerned with issues which impact on the availability and competence of personnel involved in the decommissioning of nuclear facilities, including nuclear power plants, research reactors and fuel cycle facilities. It focuses on human resource and training considerations for relevant personnel, including associated knowledge management considerations.

Target Audience

This event will be of interest to:

- Managers of the nuclear facility operating organizations;
- Managers of the decommissioning projects;
- Personnel involved in human resource management in the nuclear facilities;
- Nuclear facility training staff;
- Regulatory body personnel.

Working Language(s)

The working language of the meeting will be English with no interpretation provided. All communications, abstracts and papers must be submitted in this language.

Participation and Registration

All persons wishing to participate in the event have to be designated by an IAEA Member State or should be members of organizations that have been invited to attend.

In order to be designated by an IAEA Member State, participants are requested to send the **Participation Form (Form A)** to their competent national authority (e.g. Ministry of Foreign Affairs, Permanent Mission to the IAEA or National Atomic Energy Authority) for onward transmission to the IAEA by **24 April 2020**. Participants who are members of an organization invited to attend are requested to send the **Participation Form (Form A)** through their organization to the IAEA by above deadline.

Selected participants will be informed in due course on the procedures to be followed with regard to administrative and financial matters.

Please note that the IAEA is in a transition phase to manage the entire registration process for all regular programme events electronically through the new InTouch+ (<https://intouchplus.iaea.org>) facility, which is the improved and expanded successor to the InTouch platform that has been used in recent years for the IAEA's technical cooperation events. Through InTouch+, prospective participants will be able to apply for events and submit all required documents online. National authorities will be able to use InTouch+ to review and approve these applications. Interested parties that would like to use this new facility should write to: InTouchPlus.Contact-Point@iaea.org.

Expenditures and Grants

No registration fee is charged to participants.

The IAEA is generally not in a position to bear the travel and other costs of participants in the event. The IAEA has, however, limited funds at its disposal to help meet the cost of attendance of certain participants. Upon specific request, such assistance may be offered to normally one participant per country, provided that, in the IAEA's view, the participant will make an important contribution to the event.

The application for financial support should be made using the **Grant Application Form (Form C)** which has to be stamped, signed and submitted by the competent national authority to the IAEA together with the **Participation Form (Form A)** by **24 April 2020**.

Venue

The event will be held at the Vienna International Centre (VIC) where the IAEA's Headquarters are located. Participants must make their own travel and accommodation arrangements. General information on the VIC and other practical details, such as a list of hotels offering a reduced rate for IAEA participants, are listed on the following IAEA web page:

<http://www-pub.iaea.org/iaeaevents/GeneralInfo/Guide/VIC>.

Participants are advised to arrive at Checkpoint 1/Gate 1 of the VIC one hour before the start of the event on the first day in order to allow for timely registration. Participants will need to present an official photo identification document in order to be admitted to the VIC premises.

Visas

Participants who require a visa to enter Austria should submit the necessary application to the nearest diplomatic or consular representative of Austria at least four weeks before they travel to Austria. Since Austria is a Schengen State, persons requiring a visa will have to apply for a Schengen visa. In States where Austria has no diplomatic mission, visas can be obtained from the consular authority of a Schengen Partner State representing Austria in the country in question.

Organization

Scientific Secretary

Mr Patrick O'Sullivan

Division of Nuclear Fuel Cycle and Waste Technology
Department of Nuclear Energy
International Atomic Energy Agency
Vienna International Centre
PO Box 100

Tel.: +43 1 2600 26739

Fax: +43 1 26007

Email: M.Ovanes@iaea.org

Administrative Secretary

Ms Iris Kridtner

Division of Nuclear Fuel Cycle and Waste Technology
Department of Nuclear Energy
International Atomic Energy Agency
Vienna International Centre
PO Box 100
1400 VIENNA
AUSTRIA

Tel.: +43 1 2600 22775

Fax: +43 1 26007

Email: I.Kridtner@iaea.org

Subsequent correspondence on scientific matters should be sent to the Scientific Secretaries and correspondence on other matters related to the event to the Administrative Secretary.

Participation Form

Technical Meeting on Human Resource Development for Decommissioning

IAEA Headquarters, Vienna, Austria

20–24 July 2020

To be completed by the participant and sent to the competent national authority (e.g. Ministry of Foreign Affairs, Permanent Mission to the IAEA, or National Atomic Energy Authority) of his/her country for subsequent transmission to the International Atomic Energy Agency (IAEA) either by email to: Official.Mail@iaea.org or by fax to: +43 1 26007 (no hard copies needed). Please also send a copy by email to the Scientific Secretary P.OSullivan@iaea.org and to the Administrative Secretary I.Kridtner@iaea.org.

Participants who are members of an invited organization can submit this form to their organization for subsequent transmission to the IAEA.

Deadline for receipt by IAEA through official channels: 24 April 2020
